### **Independent Auditors' Report**

Board of Directors NPower Inc. and Affiliate

#### **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of NPower Inc. and Affiliate (collectively, the "Organization") which comprise the consolidated statements of financial position as of December 31, 2018 and 2017, and the related consolidated statements of activities and change in net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the financial statements of NPower Canada, a related entity, as disclosed in Note 1, which statements reflect total assets of \$514,375 and \$354,215 as of December 31, 2018 and 2017, respectively, and total revenues, gains and other support of \$1,992,903 and \$1,579,729 for the years then ended. Those statements were audited by other auditors, whose report has been furnished to us, in accordance with Canadian Auditing Standards issued by the Canadian Auditing and Assurance Standards Board, and were prepared in accordance with Canadian accounting standards for not-for-profit organizations as issued by the Canadian Accounting Standards Board. We have applied audit procedures on the conversion adjustments to the financial statements of NPower Canada, which conform those financial statements to accounting principles generally accepted in the United States of America. Our opinion, insofar as it relates to the amounts included for NPower Canada, prior to these conversion adjustments, is based solely on the report of, and additional audit procedures to meet the relevant requirements of auditing standards generally accepted in the United States of America performed by the other auditors. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement. The financial statements of NPower Canada were not audited in accordance with Government Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of NPower Inc. and Affiliate as of December 31, 2018 and 2017, and the results of its operations and its cash flows for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Report on Supplementary and Consolidating Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating information on pages 18 to 19 is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position, changes in net assets, and cash flows of the individual organizations, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements or to the consolidated financial statements the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated May 1, 2019 on our consideration of the Organization's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to solely describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control over financial reporting and compliance.

#### 2. Summary of Significant Accounting Policies

#### Basis of Accounting and Principles of Consolidation

The consolidated financial statements of NPower Inc. and Affiliate have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

All material intercompany transactions and balances have been eliminated in the consolidation.

The net assets of the Organization are classified and reported as follows:

*Net assets without donor restrictions* - Net assets that are not subject to donor-imposed stipulations and that may be expended for any purpose in achieving the primary objectives of the Organization.

*Net assets with donor restrictions* - Net assets that are subject to donor-imposed stipulations that will be met either by the actions of the Organization and/or the passage of time. As the restrictions are satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the accompanying consolidated statements of activities and change in net assets as net assets released from restrictions. Net assets with donor restrictions also includes net assets that are required to be held in perpetuity. At December 31, 2018 and 2017, there were no net assets required to be held in perpetuity.

#### **Cash and Cash Equivalents**

The Organization considers all highly liquid investments with an original maturity of 90 days or less on the date of purchase to be cash equivalents. Cash equivalents are carried at fair value which approximates cost.

#### **Contributions Receivable**

Contributions receivable, which consist of unconditional promises to give, are recognized as revenue in the year the promise is received. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. Conditional promises to give are not recorded until they are confirmed to be receivable by the donor.

#### Accounts Receivable

Receivables are recorded for services rendered but unpaid, and are included in accounts receivable.

#### Allowance for Doubtful Accounts

The Organization determines whether an allowance for uncollectible accounts should be provided for contributions and accounts receivable. Such estimates are based on management's assessment of the aged basis of its receivables, current economic conditions, subsequent collections and historical information. Contributions receivable are recorded as bad debt when all reasonable collection efforts have been exhausted. Accounts receivable are written off against the allowance for doubtful accounts when they are for a previous year's receivable and against the bad debts when they are within the current year, and when all reasonable collection efforts have been exhausted. The Organization does not charge interest on outstanding receivables.

#### **Fixed Assets**

Fixed assets are stated at cost. The Organization capitalizes all property and equipment having a cost in excess of \$2,500 with a useful life of greater than one year. Depreciation is computed on the straight-line method over the useful lives of the assets. Amortization of leasehold improvements is computed on the straight-line method over the lesser of the term of the lease or their estimated useful lives.

#### **Deferred Income**

The Organization receives fees in advance of providing certain services, generally pursuant to contractual agreements. Deferred income represents amounts received as of fiscal year-end for services to be provided subsequent thereto.

#### **Deferred Rent**

For accounting purposes, the total rent payable over the life of the lease, which escalates over time, is recognized on the straight-line basis. Actual rent payments differ from these reported amounts; actual rent paid is more than reported amounts in the early years of the lease and is less than the reported amounts in the later years. Deferred rent reflects the difference between the straight-line calculation reported and actual rent paid.

#### **Revenue Recognition**

Program service fees are recognized when earned. Clients are charged fees based on a contractual agreement.

#### Contributions

Contributions are reported at fair value on the date they are received as unconditional promises to give. The gifts are reported as donor restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and reported in the consolidated statements of activities and change in net assets as net assets released from restrictions. Donor restricted contributions received and expended in the same year are reflected as contributions without donor restrictions.

#### **Donated Property and Equipment**

Donations of property and equipment are recorded as contributions at their estimated fair values at the date of donation. Such donations are reported as increases in net assets without donor restrictions unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as contributions with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

#### **Donated Services**

Contributions of services are recognized by the Organization as both revenue and expense in the accompanying consolidated statements of activities and change in net assets, if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not donated.

#### **Donated Use of Facilities**

NPower received the free use of facilities for the years ended December 31, 2018 and 2017, the fair rental value of which was recorded as contribution income and as rent expense in the accompanying consolidated financial statements.

#### **Functional Allocation of Expenses**

The costs of providing the various programs and other activities have been summarized on a functional basis in the consolidated statements of activities and change in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The Organization allocates salary and related benefits based upon estimated time and effort. In addition, certain shared costs are allocated based on estimated usage by department based upon employee headcount.

#### **Use of Estimates**

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets, and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Foreign Currency Translation**

The assets and liabilities of NC, which are stated in Canadian dollars, are translated to U.S. dollars (USD) using the exchange rate in effect at the date of the consolidated statements of financial position. Revenues, expenses, gains and losses are translated using the average exchange rate for the year. Gains or losses on foreign currency translation are recognized in the accompanying consolidated financial statements.

#### Tax Status

NPower qualifies as a tax-exempt, not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code, and qualifies as a not-for-profit organization under the laws of New York State. Accordingly, no provision for federal or state income taxes is required. NC is tax-exempt under Canadian tax laws.

#### Accounting for Uncertainty in Income Taxes

Management evaluated the Organization's tax positions and concluded that the Organization had taken no uncertain tax provisions that require adjustment to the consolidated financial statements to comply with the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") No. 740, Accounting for Uncertainty in Income Taxes.

#### **Recently Issued Accounting Pronouncements**

In August 2016, the FASB issued Accounting Standards Update ("ASU") 2016-14, *Not-for-Profit Entities (Topic 958): Presentation of Financial Statements of Not-for-Profit Entities.* The Organization adopted ASU 2016-14, and has applied the changes retrospectively to all periods presented except for the disclosures around liquidity and availability of resources. These disclosures have been presented for 2018 only, as allowed by ASU 2016-14. The new standard changes the following aspects of the consolidated financial statements:

- The unrestricted net asset class has been renamed Net Assets Without Donor Restrictions
- The temporarily restricted net asset class has been renamed Net Assets with Donor Restrictions
- The basis for allocation of expenses to functional classifications has been disclosed (Note 2)
- The consolidated financial statements include a disclosure about liquidity and availability of resources (Note 11)

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers (Topic 606)*. The core principle of ASU 2014-09 requires recognition of revenue to depict the transfer of goods or services to customers at an amount that reflects the consideration for what an organization expects it will receive in association with this exchange. ASU 2014-09 is effective for the Organization for fiscal years beginning after December 15, 2018. Management is currently evaluating the impact of ASU 2014-09 on the Organization's consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases (Topic 842)*. The core principles of ASU 2016-02 change the way organizations will account for their leases by recognizing lease assets and related liabilities on the consolidated statements of financial position and disclosing key information about leasing arrangements. ASU 2016-02 is effective for the Organization for fiscal years beginning after December 15, 2019. Management is currently evaluating the impact of ASU 2016-02 on the Organization's consolidated financial statements.

In June 2018, the FASB issued ASU 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made.* The new guidance is intended to clarify and improve accounting guidance for contributions received and contributions made. The amendments in this ASU should assist entities in (1) evaluating whether transactions should be accounted for as contributions (nonreciprocal transactions) or as exchange (reciprocal) transactions subject to other guidance and (2) determining whether a contribution is conditional. ASU 2018-08 is effective for fiscal years beginning after December 15, 2018. Management is currently evaluating the impact of ASU 2018-08 on the Organization's consolidated financial statements.

#### **Evaluation of Subsequent Events**

Management has evaluated subsequent events through May 1, 2019, the date the consolidated financial statements are available for issuance, for inclusion or disclosure in the consolidated financial statements.

2019	\$ 42,920
2020	40,962
2021	 12,994
Total	\$ 96,876

#### 8. Concentrations

Financial instruments which potentially subject the Organization to concentrations of credit risk consist principally of cash and cash equivalents and receivables. From time to time, the cash balances exceed the Federal Deposit Insurance Corporation coverage limit. Management believes that credit risk related to cash and cash equivalents is minimal, as the Organization places its cash with high credit quality financial institutions.

As of December 31, 2018, approximately 66 percent of total contributions receivable was due from two separate donors, with each representing greater than 10 percent of total contributions receivable. As of December 31, 2017, approximately 49 percent of total contributions receivable was due from two separate donors, with each representing greater than 10 percent of total contributions receivable.

For the year ended December 31, 2018, approximately 35 percent of total revenues was from one donor.

#### 9. Retirement Plan

NPower has a defined contribution annuity retirement plan which covers substantially all eligible employees, as defined. The discretionary pension contribution expense for the years ended December 31, 2018 and 2017 was \$14,871 and \$15,750, respectively.

Employees of NC may participate in a group registered retirement savings plan ("RRSP"). There are no employer contributions to the RRSP.

Total in-kind contributions	\$	2,323,421	\$	1,607,465	

Notes to Consolidated Financial Statements December 31, 2018 and 2017

#### 11. Liquidity and Availability of Resources

The following table reflects the Organization's financial assets available for general expenditure within one year at December 31, 2018. Financial assets are considered unavailable when illiquid or not convertible to cash within one year.

Cash and cash equivalents Contributions receivable, current portion Accounts receivable, net	\$ 3,496,476 6,259,215 571,090
Total financial assets	10,326,781
Less donor restricted amounts	 (10,012,972)
Total financial assets available to meet cash needs for general expenditures within one year	\$ 313,809

The Organization is substantially supported by restricted contributions. Because donor's restriction requires resources to be used in a particular manner or in a future period, the Organization must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditures within one year.

As part of the Organization's liquidity management, its practice is to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due.

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed In Accordance with Government Auditing Standards

Board of Directors NPower Inc. and Affiliate

#### **Report on the Consolidated Financial Statements**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the consolidated financial statements of NPower Inc. and Affiliate (the "Organization"), which comprise the consolidated statements of financial position as of December 31, 2018 and 2017, and the related consolidated statements of activities and change in net assets, functional expenses and cash flows for the years then ended, and the related notes to the consolidated financial statements, and have issued our report thereon dated May 1, 2019. The financial statements of NPower Canada were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with NPower Canada.

#### Internal Control over Financial Reporting

In planning and performing our audit of the consolidated financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Organization's consolidated financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.* 

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
